

Alliant 2 Small Business Contract Award Notice
Solicitation Number QTA0016GBA0002

GSA is pleased to present the Alliant 2 Small Business contract award notice to all interested parties. While many of the statements found below are included in order to satisfy certain regulatory matters, at its core this notice represents the beginning of a partnership to meet the federal government's IT services needs. GSA truly appreciates all parties that participated in this competition, thank you. While not all proposals resulted in awards, all offerors are encouraged to look for opportunities in which they can work together.

As will be seen below, the interest was significant. This list of awardees represents a complete roster of the successful offerors awarded contracts in response to Solicitation Number QTA0016GBA0002. Awards have been made without discussions, hence, no competitive range was established. GSA does not intend to make additional awards. This notice does not change the status of offerors previously notified of their exclusion from the competition.

Proposals from all small business offerors interested in competing were solicited via FBO.gov through Solicitation Number QTA0016GBA0002 and 493 proposals were received in response. The name and address of each offeror receiving an award is listed below. The list contains (1) those offerors continuing to award that were previously announced in the pre-award notice for small business programs, posted on FBO on December 7, 2017, and (2) offerors receiving contingent awards pending resolution of any small business challenges.

Contingent awards are denoted by an "*" in the list of awardees, reflecting companies that were not listed on the aforementioned pre-award notice for small business programs, and are therefore still subject to contracting officer size challenge at the Small Business Administration (SBA). Interested parties with information to support a contracting officer size challenge of any firm denoted by an "*" have five (5) business days of the publication of this contract award notice in FBO to provide that information to the contracting officer, establishing the grounds and evidence for concern. If a contracting officer size challenge to SBA results in the contingent awardee being other than small for this procurement, the award is void. GSA intends to withhold contract notice to proceed until any contracting officer size challenge to SBA of contingent awards has been dispositioned by SBA, and does not intend to replace any voided awards resulting therefrom.

Those offerors not identified in the list below are not awardees, they are unsuccessful offerors. Awards were made based on the evaluation criteria established in the solicitation, which sought the top 80 highest technically rated offers with a fair and reasonable price, and allowed for ties at the 80th position.

Unsuccessful offerors may request a timely debriefing from the contracting officer in accordance with FAR 15.506. Untimely debriefings requests will not be fulfilled, as GSA has an interest in an ordered process given the number of offers. The contracting officer retains choice of debriefing venue and method per FAR 15.506(b).

Written correspondence may be sent to the contracting officer at:
